[XXIIIᵈ. YEAR.] THE [Nº. 1190.]

MARYLAND GAZETTE.

THURSDAY, JUNE 30, 1768.

PARIS, *March* 25.

LETTERS from Rouen advise, that there was a terrible Insurrection of the Populace last Tuesday and Wednesday, on account of the high Price of Bread; that several Persons were killed, and Three or Four Houses burnt by Means of this Tumult.

WARSAW, *March* 26. An Express is arrived with Advice, that the Re-confederates of Podolia had formed a Scheme to carry off the Commander of the Troops belonging to the Republic; but that the latter, having been informed of it, had retired into the Fortress of Kaminieck, which he was obliged to do, with so much Precipitation, that all the Polanese Companies, consisting of Two Thousand Men, were made Prisoners. Immediately after this Expedition, the Re-confederates laid Siege, with all their Strength, to the Fortress, the Garrison of which is composed of only one Regiment of Artillery, and a few small Detachments from the other Regiments, without Provisions or Ammunition. It is reported, that the Place has surrendered.

The Russian Army commanded by General Kreschetnikow, is on its March towards Zamosk, which Town is Fifteen Leagues from Bar, the Head Quarters of the Confederates. This Army is to form a Line in the Palatinate of Cracovia, to observe the Motions of the Podolian Confederates, and to prevent the neighbouring Palatinates from entering into any Associations.

FRANKFORT, *March* 26. Our last Letters from Italy advise, that the Jesuits will not only be banished from the States of Genoa and Modena, but likewise out of the Austrian Lombardy. These Letters add, that Cardinal Spinola is appointed Secretary of State at Rome, instead of Cardinal Torregiani; and if this News is true, the Society of the Jesuits will soon be abolished, the last mentioned Cardinal being their principal Support.

LONDON.

April 18. A Coalition of Parties is said to be forming under the Sanction of Lord Chatham, which, it is said, will render strong the late so greatly relaxed Fibres of Administration.

It is currently reported that George Grenville, Esq; will soon be appointed Secretary of State.

General Conway, Paymaster of the Forces, and Major-General of the Ordnance.

Duke of Northumberland, first Lord of the Treasury.

And also that there will be some material Changes in his Majesty's Governors in America and the West-Indies.

Letters from Paris advise, that 50 Houses, with the Church and Parsonage, had been destroyed by Fire, in the Town of St. Paterne, near Tours; and that several Persons perished in the Flames.

It is said that Two Forts are to be erected this Summer on the Banks of the River Medway, some Miles above Sheerness.

April 21. This Morning a Board of Plantations was held at the Earl of Hillsborough's Office, Whitehall, at which several Agents for the American Colonies gave their Attendance.

The 8th Regiment of Foot, commanded by Major-General Webb, and the 28th, commanded by Lord Viscount Townshend, now quartered in Kent, are ordered to be completed forthwith to their full Complement, being to embark speedily for New-York.

April 26. It is rumoured, that some material Changes will quickly take Place in Two great Boards.

We hear that a late Election in the North has actually cost one of the Parties 70,000 l.

They write from Lisbon, that several stout Ships are now fitting out in the Tagus, belonging to the Mercantile Company, who last Year received the Permission of Government, to trade to the Coasts of Bengal and Coromandel.

They write from Copenhagen, that a very terrible Eruption of Fire had lately happened at Mount Hecla, in Iceland, that the Ships Decks, several Miles distant in the Road, had been covered with Ashes, and that the Effects of the Volcano fell all over the Island.

It is remarkable, that when Mr. Wilkes was brought from the Tower, by *Habeas Corpus*, to the Court of Common Pleas, Earl Temple was on the Bench the whole Time; and, on Wednesday, when our Patriot surrendered in the Court of King's Bench, Earl Winchelsea sat on the Bench next to the Judges during the whole Argument *pro* and *con*; and several other Persons of Rank were also present, some of whom took Minutes of the Proceedings.

April 27. A certain Gentleman at Poplar, the Friend of the patriotic Wilkes, had last Tuesday a very elegant Dinner; the Company consisted of 45 Gentlemen; at 45 Minutes past One, there were drank 45 Gills of Wine, with 45 new-laid Eggs in them; precisely at 45 Minutes past Two, a very genteel Dinner was served up, being Five Courses, Nine Dishes each, which made the Nº. 45.——In the Middle of the Table, the Figures 45 were inlaid with Mother of Pearl, on which was placed a noble Sirloin of Beef, weighing 45 Pounds; the Table-Cloth and Plates were marked 45; on the Back of every Chair those Figures were carved; and exactly at 45 Gill Bowls to a Chair, which, with the 45, on each Person's Hands and Feet, made up the Number of Nine in every Chair, 45.——The whole concluded with a Ball, in the Evening, when 45 Ladies entered the Room; then the Dances immediately began, and each Lady was saluted at the End of every Dance, which were Nine Minuets, Nine Rigadoons, Nine Cotillons, and Eighteen Country Dances, being in the whole 45. After the Ladies had been kissed round 45 Times, and 45 Couple of Jellies were eaten, the Company retired, with great Mirth and Festivity, at 45 Minutes past 3 o'Clock.

April 28. It is said that a certain Election in the North, has cost one of the Candidates not less than 220,000 l. and that he drew on his Agent in Town for 93,000 l. at one Draught.

Some Letters from Warsaw advise, that the new Confederates of Podolia have made themselves Masters of the Castle at Bar, as well as the Fortress of Kaminieck; and that the Number of Gentlemen who have joined them, is estimated at 8000. It is added, that all the Members of the Confederacy have engaged themselves by the most solemn Oath, not to discover any of their Projects; that their Conduct seems to be very regular; and that they pay ready Money for every Thing they stand in need of.

It is said a great Personage is determined not to pardon a late Exile, so that it may be expected he will be obliged again to leave his Country.

It is remarkable, that the Marquis of Rockingham's, was the only House in Grosvenor-Square, that was not illuminated on a late Occasion.

From the LONDON GAZETTE, April 27.

Extract of a Letter from Fort St. George, in the East-Indies, dated October 8, 1767.

"We have received from our Camp the following Account of the Defeat of the joint Forces of Nizam Ally and Hyder Ally, near Trinomallee, on the 26th of September last, by the Company's Forces, under the Command of Col. Smith.

From the Field of Battle at Errour, near Trinomallee, Sept. 27, 1767.

Yesterday Evening, after several Manœuvres on both Sides, we brought the Enemy to an Action, and have effectually routed them. They endeavoured at first to turn a warm Cannonade upon our left, and as we could not well come at their Guns, on account of a Morass in Front, we were ordered to endeavour to turn their left round some Hills which lay in our Front. We did so, and presently brought them to an Action, which, after a very smart Fire, ended in their Defeat. Our Loss is small, the Rapidity with which our Troops advanced upon them, allowing them to do us little Harm, every Thing considered. We lay on the Field all last Night, and as soon as we could distinguish Objects, we marched this Morning in Pursuit of them; they made a faint Shew of Resistance, but are gone entirely off, as it is thought, through the Changama-Pass into the Baharah-haul Country. We followed them 'til the Strength and Spirits of our Army were quite exhausted, and obliged us to halt on the Spot where we are now encamped, which is about Eight Miles on the Road to Changama from Trinomallee. Last Night we seized Nine of their Guns, and are now in Possession of about Fifty Pieces of their Cannon, which they could not carry off in their precipitate Retreat. Both our Officers and Men behaved with the greatest Resolution. The Enemy's Loss must be great, but cannot be ascertained, as the Moment a Man is killed or wounded, his Companions carry him off. The Prisoners inform us, that our Cannon made great Havock among them.

We learn since, that Fourteen more Pieces of the Enemy's Cannon have been found among the Bushes."

Extract of a Letter from Madras, dated Nov. 5, 1767.

"Hyder Ally, and the Soubah of the Ducan, are totally routed, and we have taken 70 Pieces of Cannon: Every Thing is now quiet again, and we have by Treaty (since their Defeat) obtained ample Compensation for the Damage occasioned by this Rupture; so that this Event is likely to produce very advantageous Effects through the Settlements, the Natives being thoroughly depressed by their repeated ill Success."

Some Letters from Leghorn mention, that the Senate of Genoa begin to doubt much whether France would send a Body of their Forces to Corsica; and it was said, the Republic intended to make Application elsewhere, for Troops to occupy their Garrisons in that Isle.

From Berlin we are informed, that great Part of the King of Prussia's Time is at present employed in endeavouring to improve and extend the Commerce of his Subjects throughout all his Dominions.

Extract of a Letter from Berlin, April 2.

"There has lately been a grand Review of a great many of our best Troops, all of whom, besides their usual Arms, have been furnished with large Hatchets, and with such strong Shoes, as the Croatians wear, when climbing their rugged Mountains. Orders have been given them to prepare for a very long March. No Mortal can say with Certainty what our Sovereign intends. It has long been surmised that he is resolved to crown his glorious Days, by rendering the brave Corsicans entirely free and independent. It is affirmed as a Certainty, that the other Day, while he stood upon the grand Place, before the Palace, leaning upon the Lord Marischal's Arm, he turned to the Chevalier Michel, the British Ambassador, and said, "*Bientôt je serai comme vous autres Anglois.*" "By and by I shall make you Englishmen shrink."

PAISLEY (*in Scotland*) *March* 24. We have often been amused in the Public Papers with Accounts of Mobs and Combinations of Journeymen of different Trades in London, Edinburgh, and Glasgow, refusing to work unless their Masters advanced their Wages; but we have gone a Step beyond them, by forming a female Combination, which has been entered into by young Women of this Place, employed in dipping of Lawns, who refuse to work, unless on higher Wages. They, in Number betwixt Two and Three Hundred, mostly cloathed in White, drew up this Day at Maxweltown, and marched in Procession, Four in a Rank, to this Place, and paraded through the Streets. This white Regiment was escorted by great Crowds of Journeymen-Weavers and others.

Gravesend, *April* 25. Passed by, the Charlotte, Cooper, from New-York.

BOSTON, *June* 13.

Last Friday Evening the Officers of the Customs for this Port, made a Seizure of a Sloop lying at Hancock's Wharf, and which they ordered to be carried off under the Guns of his Majesty's Ship Romney. This Affair occasioned a Dispute between the Officers and some of the People who happened to be on the Wharf, in which Mr. Harrison the Collector, Mr. Hollowell the Comptroller, and Mr. Harrison's Son, were all pelted with Stones, and wounded. Soon after which, a Number of People assembled, went to the House of Mr. Williams, Inspector-General, broke some of the Windows of his House, as also of the Houses of the Collector and Comptroller; but were prevented doing further Damage by some Gentlemen of the Town. After which they burnt a Pleasure-Boat, belonging to the Collector, in the Common. Mr. Irvine, Inspector of Exports and Imports, was also attacked the same Night; he had his Sword broke, and with some Difficulty made his Escape, with the Assistance of some of the People present.

KITTERY, *June* 2. This Day, in the Afternoon, we had a Storm of Thunder; when Mr. Joseph Fry of this Town, and seven others, were struck with Lightning (being in a House which is much shattered) it made a Breach thro' Mr. Fry's Cloaths on his Shoulder the Bigness of a Dollar, set his Shirt on Fire, split the Seam of his Coat, broke some Skin on his Arm, and left it black, and past into the Seam of his Breeches, and split it open, marking the same as it went, cut off his Garter, tearing his Stocking to Rags, and leaving a sulphurous Matter on it, taking away one Quarter of his Shoe, and leaving the like Mark all the Way.

NEW-YORK, *June* 20.

The London Papers mention, that the last Advices from Spain were unfavourable, and that it is thought we are upon the Eve of a Rupture with that Court. We also hear that private Letters by the last Vessels, agree in the same Account, and mention the Manilla Ransom as the immediate Cause. The Crisis of many important Events seems to be near at Hand.

By some late Accounts from the Streights, we learn, that the French and Spaniards, in that Part of the World, are very busy in preparing for War; and that several Transports, with Troops on board, lately sailed from Cadiz, for the Spanish West-Indies.

PHILADELPHIA, *June* 23.

Extract of a Letter from Lancaster County, June 20, 1768.

"I now sit down, under the Shade of a friendly Oak, in the Country, in order to give you some Account of the late dreadful Storm here, the Effects of which I have taken Pains to examine, having rode several Miles for that Purpose.

"On Friday, the 17th Instant, about 2 o'Clock P. M. the Sky was overspread with flying Clouds, apparently charged with heavy Rain. The Wind blew pretty fresh from the S. E. and thickened the Clouds in the opposite Quarter; so that about 4 o'Clock there was "Darkness visible" in the N. W. attended with a distant rumbling Thunder, and now and then a small Gleam of Lightning, without any Explosions. The Clouds deepened more and more in the N. W. and there seemed to make a Stand, being opposed by the Wind from the opposite Points. At Half after 4, they assumed a frightful Appearance, and at last formed a large Crescent, with its Concave Side to the Wind, and its inner Edges tinged with a dusky Violet Colour. About 5, the Wind veered about to the N. W. which immediately gave Motion to the Clouds, and discharged a most dreadful and destructive Volley of Hail. The Storm then proceeded in a S. E. Direction, at the Rate of about 18 Miles in an Hour, attended with a most dreadful Noise, something like the Sound of Cannons, Drums and Bells, mingled together. The Hail Stones were of various Magnitudes, Shapes and Forms. Some

measured 9 Inches in Circumference, some 7, whilst others were no larger than Peas. As to their Forms, some were globular, some spheriodical, surrounded with small Excrescences or Knobs; some elliptical, and some irregular and smooth, like Pieces of broken Ice. Such as were globular, were endued with so much Elasticity, that they rebounded from the Ground like a Tennis Ball. This Storm divided into several Branches or Veins (if I may use such Terms) all which kept the same Course, but bent their Fury most towards the Mountains, Hills and high Lands. At Susquehanna the Hail was as large as Pigeons Eggs. At Lancaster, about the Size of Peas. at Dunker-Town, and in the Valley, between the W[illegible] and Reading Hills, they were as large as Turkey Eggs; in some other Places still larger; and at Reading no Hail appeared. The Damage done by this Storm is very great; the County of Lancaster alone, it is thought, has suffered several Thousand Pounds. In many Places there is not a single Ear of Wheat, Rye, Barley, &c. but what is cut off; and nothing left but the green Straw, bruised and beat to Pieces. It is melancholy to see fine Plantations, and extensive Fields, which, a few Days ago, waved with luxuriant Crops, now lying waste. Many able Farmers, who expected to carry several Hundred Bushels of Grain to Market, will be obliged to buy Bread for their Families; and many of the poorer kind will be ruined, and reduced to Beggary. All these People are now mowing their late promising and rich Crops, as Fodder for their Cattle. Their Distress is truly moving and alarming. At Dunker-Town, it is said (with what Truth I cannot say) that Cattle were killed by the Hail; but certain it is, that about Muddy-Creek, in this County, Calves, Pigs, Fowls, &c. were killed in that Settlement; the Ground in the Woods, is as thick covered with green Foliage, beaten from the Trees, as it is with the fallen Leaves in the Month of October; and in many Places the Birds are found dead in Woods and Orchards. The N. W. Side of the Fruit Trees are barked, and all the Glass Windows on that Side, that were not secured by Shutters, are demolished; and even the Rails of Fences visibly shew the Impressions of the Hail upon them. In short, this Storm threw every Person, who saw it, into the most dreadful Consternation; for the oldest Man here never saw, or heard of any Thing like it."

ANNAPOLIS, June 30.

ORDERED, by the Lower House of Assembly, That his Excellency's Message of the 20th of *June*, the Answer of the House thereto, and the Resolves of said House, with regard to Treating at Elections, be printed in the MARYLAND GAZETTE.

TEST. T. WRIGHT, Cl. Lo. Ho.

Gentlemen of the Lower House of Assembly,

THE King, our most gracious Sovereign, having been informed, that a Circular Letter, a Copy of which hath been communicated to his Ministers, was, in *February* last, sent by the Speaker of the House of Representatives, of the Colony of *Massachusetts*, to the Speakers of other Houses of Assembly in *North-America*, hath been pleased to order it to be signified to me, that he considers such Measure to be of a most dangerous and factious Tendency, calculated to inflame the Minds of his good Subjects in the Colonies, to promote an unwarrantable Combination, to excite and encourage an open Opposition to, and Denial of the Authority of Parliament, and to subvert the true Principles of the Constitution; but, while I notify to you, his Majesty's Sentiments, with respect to this Matter, I am also to tell you, that the repeated Proofs which have been given by the Assembly of this Province, of their Reverence and Respect for the Laws, and of their faithful Attachment to the Constitution, leave little room for his Majesty to doubt of their shewing a proper Resentment of such unjustifiable Attempt to revive those Distractions which have operated so fatally to the Prejudice of both the Colonies and the Mother-Country; and, I flatter myself, that in case such Letter has been addressed to the Speaker of your House, you will confirm the favourable Opinion his Majesty, at present, entertains of his *Maryland* Subjects, by taking no Notice of such Letter, which will be treating it with the Contempt it deserves.

JUNE 20, 1768. HOR°. SHARPE.

To his Excellency HORATIO SHARPE, *Esq; Governor and Commander in Chief in and over the Province of* MARYLAND.

The humble ADDRESS of the HOUSE of DELEGATES.

May it please your Excellency,

IN Answer to your Excellency's Message of the 20th, we must observe, that if the Letter from the Speaker of the House of Representatives of the Colony of *Massachusetts-Bay*, addressed to, and communicated by our Speaker to this House, be the same with the Letter, a Copy of which you are pleased to intimate hath been communicated to the King's Ministers, it is very alarming to find, at a Time when the People of *America* think themselves aggrieved by the late Acts of Parliament, imposing Taxes on them, for the sole and express Purpose of raising a Revenue, and in the most dutiful Manner are seeking Redress from the Throne, any Endeavours to unite in laying before their Sovereign, what is apprehended to be their just Complaint, should be looked upon "as a Measure of most dangerous and factious Tendency, calculated to inflame "the Minds of his Majesty's good Subjects in the Colonies, to promote an unwarrantable Combination, "excite and encourage an open Opposition to, and "Denial of the Authority of Parliament, and to subvert the true Principles of the Constitution;" we cannot but view this as an Attempt in some of his Majesty's Ministers to suppress all Communication of Sentiments between the Colonies, and to prevent the united Supplications of *America* from reaching the royal Ear. We hope the Conduct of this House will ever evince their Reverence and Respect for the Laws, and faithful Attachment to the Constitution, but we cannot be brought to resent an Exertion of the most undoubted Constitutional Right of petitioning the Throne, or any Endeavours to procure and preserve an Union of the Colonies, as an unjustifiable Attempt to revive those Distractions which it is said have operated so fatally to the Prejudice of both the Colonies and the Mother-Country. We have the warmest and most affectionate Attachment to our most gracious Sovereign, and shall ever pay the readiest and most respectful Regard, to the just and constitutional Power of the *British* Parliament, but we shall not be intimidated by a few sounding Expressions, from doing what we think is right.

The House of Representatives of the Colony of *Massachusetts-Bay*, in their Letter to us, have intimated that they have preferred an humble, dutiful, and loyal Petition, to the King, and expressed their Confidence, that the united and dutiful Supplications of his distressed *American* Subjects, will meet with his royal and favourable Acceptance; and we think they have asserted their Rights with a decent Respect to their Sovereign, and a due Submission to the Authority of Parliament: What we shall do upon this Occasion, or whether, in consequence of that Letter, we shall do any Thing, it is not our present Business to communicate to your Excellency; but of this be pleased to be assured, that we cannot be prevailed on to take no Notice of, or to treat with the least Degree of Contempt, a Letter so expressive of Duty and Loyalty to the Sovereign, and so replete with just Principles of Liberty; and your Excellency may depend that whenever we apprehend the Rights of the People to be affected, we shall not fail boldly to assert, and steadily endeavour to maintain and support them, always remembring, what we could wish never to be forgot: That by the Bill of Rights, it is declared, "That it is the Right of the "Subject to petition the King, and all Commitments "and Prosecutions for such Petitioning, are illegal."

R. LLOYD, Speaker.

RESOLVED, That all Petitions, upon every new Assembly, relating to Elections and Returns, be presented to the Honourable Speaker of this House, for the Time being, within Five Days, from the First Day of the Session of such new Assembly, inclusive, and not after. And, if any Election shall be made, by Virtue of any Writ, issued by order of the Lower House of Assembly, That no Petition be received against such Election or Return, unless such Petition be presented to the Speaker, as aforesaid, within Five Days, from the First Day of the Session, inclusive, after such Writ shall be returned, or within the same Time, after the actual Return of such Writ, if the same shall be returned in Session Time.

RESOLVED, That Treating Electors is highly injurious, tends to corrupt and debauch the People, and may, if not timely prevented, be destructive of that Freedom, intended to be maintained in Elections, by our excellent Constitution.

It is therefore unanimously RESOLVED, That on any Petition for Treating, this House will not take it into Consideration, or regard the Greatness or Smallness of any Treat; but will, in all Cases, in which any Person or Persons, hereafter to be elected, to serve in Assembly, for any County, within this Province, at any Time after the Test, or issuing of the Writ of Election, or after the Place of any Member becomes vacant, hereafter, in the Time of this present, or of any other Assembly, shall, hereafter, by himself, or themselves, or by any other Ways, or Means, on his, or their Behalf, or at his, or their Charge, or with his, or their Privity, or Consent, before his, or their Election, directly or indirectly, give, present, or allow, to any Person, having a Voice, or Vote in such Election, any Money, Meat, Drink, Entertainment, or Provision, or make any Present, Gift, Reward, or Entertainment, or any Promise, Agreement, Obligation, or Engagement, to give, or allow any Money, Meat, Drink, Provision, Present, Reward, or Entertainment whatsoever, in order to be elected, or for being elected, will declare the Election of such Person void.

Also RESOLVED, That, if any Person whatsoever, shall, hereafter, after the Test, or issuing of the Writ of Election, or after the Place of any Member becomes vacant, directly, or indirectly, on the Behalf of, or with the Privity, or Consent of any Person, or Persons, hereafter to be elected to serve in Assembly, give, present, or allow to any Person, having a Voice, or Vote, any Money, Meat, Drink, Entertainment, or Provision, or shall make any Present, Gift, Reward, or Provision, or make any Promise, Agreement, Obligation, or Engagement, to give or allow any Money, Meat, Drink, Provision, Present, Reward, or Entertainment whatsoever, in order to procure the Election, or for the Election of any Person, or Persons, hereafter to be elected, to serve in Assembly; such Person shall be deemed guilty of Bribery, and of a Breach of the Privileges of this House, and this House will punish the same accordingly.

ORDERED, That the above Resolves be standing Rules in this House.

*** The Appearance of these Servants, must, without Doubt, recommend them to those who chuse to purchase, they being in Health, and all Young.

ALEX^r. STEWART, and WILLIAM RUSSELL.

Virginia, June 20, 1768.

THE Earl of *Tankerville's* Concurrences being now had, and in the Country, to the Purchases I sometime ago made off his Agents, in *Virginia*, so that Deeds can be had to the Part thereof, in *Fredrick* County, *Maryland*, I proposed again to dispose off, which prevented its being done when formerly advertised, I now give Notice to all Persons, inclinable to purchase the Whole, or any Part thereof, that it is now on Sale, and can be completed, for which Purpose I will attend at the next *August Frederick* County Court, (which begins on the Third Tuesday in *August*) at the House of Mr. *Charleton*, ready to treat with any Person inclinable to purchase it. It is a Tract of choice good Land, remarkably suitable for Farming and Plantation Business, and very commodiously situate for Trade, being not far from *Frederick-Town*, and the Advantage of Navigation on *Potowmack* River, the usual Landing the Boats now carry from, being upon the Land. It is well watered, and has great Quantities of Meadow Ground interspersed amongst it. It contains between Six and Seven Thousand Acres, and is usually known by the Name of COLVILL's TRACT, called MERRY-LAND. Any Person, who, in the Interim, wants to view or treat for it, may apply to Messrs. *John Carter*, Merchant, in *Frederick-Town*, or *Francis Hamilton*, at *Keep-Triste* Furnace, who have Power and Directions to treat for it, or to the Subscriber himself, at *Occoquan* Forges. It being mostly fine tendable Land, would make a good Settlement for a Number of People wanting to remove and seat themselves in one Neighbourhood. If there was more of them than the Land could commodiously serve, the Subscriber has 16000 Acres of Land, equally good, on the opposite Side of *Potowmack*, which will be soon settled out. It is almost adjoining the above Tract, excepting the Separation by the River, on which they might seat themselves contiguous to one another. Should not Purchasers offer soon for it, to the Subscriber's Liking, it will be leased out to good Farmers, there having been many Applications made for it, in that Way, and which can be let out at a very great Rent. Those who formerly applied to purchase, and still incline to do so, on giving Notice, in Time, will have Preference given them.

JOHN SEMPLE.

WILLIAM KNAPP,
WATCH and CLOCK-MAKER,

IMPRESSED with a grateful Senſe of the Favours he has received from the Gentlemen of this, and the neighbouring Provinces, takes this Method of returning his ſincere Thanks for the Countenance and Encouragement he has hitherto been honoured with; and, as he is ſollicitous to merit a Continuance of their Approbation, he has lately procured, at a very conſiderable Expence, a complete Apparatus, for the more effectual Execution of the different Branches in his Buſineſs, without which it is impracticable to give that Satisfaction he is ſtudious to render, and he is determined, by unremitting Aſſiduity, and the utmoſt Exertion of his Abilities, to juſtify and ſecure the Public Confidence.

It is with Concern he finds himſelf reduced to the diſagreeable Neceſſity of cautioning the Public againſt the *continued Botcheries* practiſed by *many Pretenders* to the Buſineſs, whoſe Inabilities are too frequently experienced by the Employer, as heavy Charges inevitably follow, to rectify the *Errors* of thoſe *Tinkering Performers*, and the Mechaniſm of the Piece is often deſtroyed, beyond the Power of Art to repair.

He has, of his *own Make*, GOLD, SILVER, and PINCHBECK WATCHES, of the beſt and neweſt Conſtruction, finiſhed in the genteeleſt Taſte, ſome with Seconds in the Center, commonly called Stop-Watches, Eight-day and Alarum Clocks: The Qualities and Prices of all which are contrived to prevent Importation, as he flatters himſelf thoſe Gentlemen, who have already dealt with him, can teſtify, and ſuch as ſhall pleaſe to honour him with their Commands, will agreeably experience: The commendable Ardour which has been happily manifeſted for the *Promotion* of *American* Manufactures, induces him to hope for the Encouragement of all who are inclined to proteſt and countenance ſocial Induſtry amongſt us; and he doubts not but they will clearly perceive the Advantages of dealing with the Maker on the Spot, where they can previouſly examine what they purchaſe, and who will engage to keep his Work in Repair, at the trifling Charge of 3 *s.* 6 *d.* Annually (general Accidents excepted) He will receive and complete, with the greateſt Expedition, Orders either for Watches or Clocks, made on any Principle, and agreeable to any Faſhion, and will allow, in Exchange, the beſt Prices for old Watches and Clocks.

He will wait on any Gentleman in, or near this City, to repair their Clocks.
